## grease for linear guides VP 874 H1 Halal

ELKALUB VP 874 has been designed as a food grade - and ( NSF) H1 approved grease made for use with linear guide systems. The grease can also be employed for the lubrication of roller bearings. In a test under extreme high load (P/C-value = 0,5) at Bosch - Rexroth, ELKALUB VP 874 could exceed the calculated life time of the grease. The short stroke test did reveal paramount results as well. Bosch - Rexroth particularly recommends ELKALUB VP 874.
