

Poly-alpha-olefin oil LFC 921000 H1 Halal

ELKALUB LFC 92100 and ELKALUB LFC 921000 are oils based on hydro carbons. These high-quality base oils are responsible for the high viscosity index, provide an excellent aging resistance also at higher temperatures and a very good lubrication. The balanced additives support these properties and makes for a good wear protection and an excellent protection against corrosion.

This is a special product which can be produced individually for you on request. Smaller quantities can apply. Please just talk to us.
